Utility Navigation: Footer, Full Sitemap

Rich Article used for:
- Insights
- Project case studies
- News articles
- Events articles
- Service/Sector content pages
- Location landing pages
- Reports

1. Landing panel - Article

2. Author detail module **(Optional, Insights only)**

Author picture
Author details (Name, Surname, Link)
Date

3. Download module **(All)**

4. Social Media sharing icons + email sharing (all)

5. Language toggle (all)

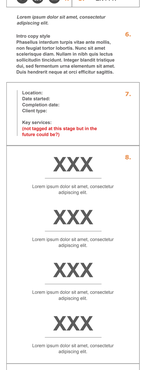
6. Intro panel: (all)

Title
Subtitle
Introduction para

7. Project detail module **(Projects only)**

Lorem ipsum dolor sit amet, consectetur adipiscing elit.

Intro copy style
Phasellus interdum turpis vitae ante mollis, non feugiat tortor lobortis. Nunc sit amet scelerisque diam. Nullam in nibh quis lectus sollicitudin tincidunt. Integer blandit tristique dui, sed fermentum urna elementum sit amet. Duis hendrerit neque at orci efficitur sagittis.



8. Key stats module (all)

9. Body content module (all)

10. Button links module **(all - any amount of links, turns into filter on mobile, buttons on desktop - needs to be able to be placed anywhere on the page!)**

11. Featured bullet list **(Differentiated from body copy, module for Services & Sectors, and possibly also used on Events/News/Insights)**

12. Quote module (all)

13. Feature link spotlight module **(Optional, all - used to highlight copy and link to relevant content elsewhere - not RELATED, but relevant to article - for Insights and IPM pieces)**

14. Tabbed content (Ajax??) For projects that span an amount of time eg: 2011, 2012, 2013, etc. **(For detailed information around specific topic - all, optional)**

15. Author contact module **(Optional, Insights only)**

Author picture
Author details (Name, Surname, Role and Link)
Tel nr
Email

16. Related links spotlights (max 3) **(opional)**

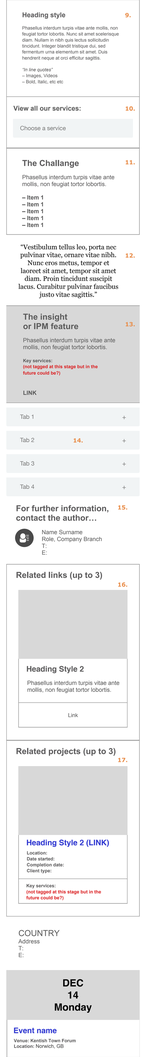
Image
Heading with link
Sub text
Buttn link

17. Related projects spotlights (max 3) **(opional)**

Image
Heading with link
Sub text
Buttn link

18. Stackable locations contact listing module

18. Event feature module **(also see Spotlight Listing & Listing template)**

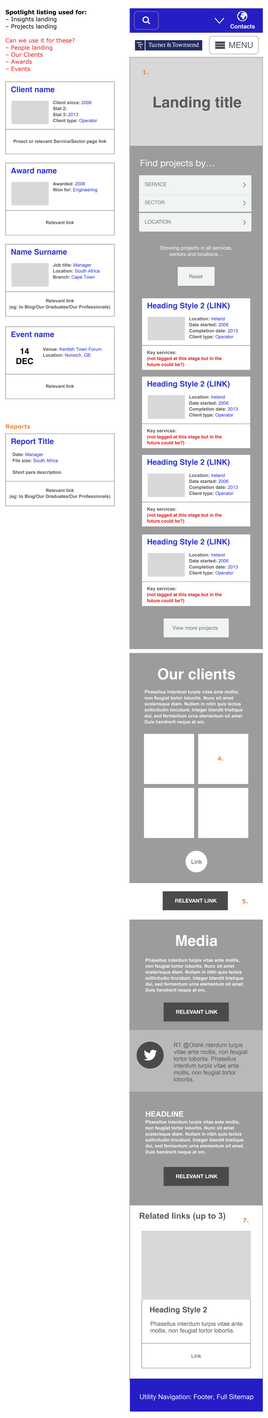


How will this page look for Reports? Do we need any special modules? **Design ?**

Utility Navigation: Footer, Full Sitemap

Spotlight listing used for:
- Insights landing
- Projects landing

Can we use it for these?
- People landing
- Our Clients
- Awards
- Events



2. Filter module **(Service, Sector, Location - filters are assigned based on which Spotlight the template uses... see below...)**

Reset - arrange by alphabetical order

3. Listed spotlights **(depends on what page this template is used for - we would need 4 different types of spotlights here - editor would choose which one they want to use - can't use them concurrently)**

4. Our clients link module **This needs to be designed NB**

5. Single button link **This needs to be designed NB**

6. Featured content area (for Media which can feature twitter feed) **This needs to be designed NB**

7. Related links spotlights (max 3) **(opional)**

Image
Heading with link
Sub text
Buttn link

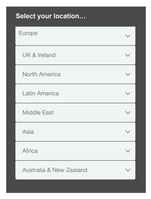
General landing used for:
- Services & Sectors
- About Us
- Careers
- News
- Media & Events
- Locations landing page

We need to consider how to display:
- News feature module (can we do a 'ticker tape style thing...see below!)
- Events feature module

2. Social Media sharing icons + email sharing (all)

3. Body content module (all)

4. Button links modules without icons = drop down on mobile **All pages - any amount of links, turns into drop-down on mobile, buttons on desktop - needs to be able to be placed anywhere on the page, example for Locations landing below...**



4. Button links modules (with icons) = drop down on mobile **(all - any amount of links, turns into filter on mobile, buttons on desktop - needs to be able to be placed anywhere on the page!)**

5. Related links or projects spotlights (max 3) **(opional)**

Image
Heading with link
Sub text
Buttn link

6. Single button link (for use on pages like Careers - job search external link!) **This needs to be designed NB**

7. Featured content area (for use on pages like Careers - landing - Pros/Grads) **This needs to be designed NB**

8. Twitter feed **This needs to be designed NB**

9. Our clients link module **This needs to be designed NB**

Secondary level landing used for:
- Our Culture & People
- Graduates
- Experienced hires
- Media & Events landing
- News landing

1. Landing panel - Secondary level **(visual differentiation?)**

2. Body text

For search results hide the top panel

3. Featured content spotlights **(see Home? Or do we need to look at design of secondary-level page links vs top level?) etc..**

DANIELLE - WHAT ELSE?

Listing! template used for:
- News listing
- Search results listing

Event or Search result listing (articles/News items)
